SIX BRAVE KENTUCKIANS

. Slain By Indians Led By Little Turtle.

Their Graves Naar Eaton Ohio Annually Decked With National Fleg.

"The muffled drum sad roll has best the soldiers' last tatoo.

No more on life's parade shall meet that brave and failen few;

On fame's eternal camping ground their silent tents are spread, And glory guards with solemn rounds the bivouac of the d. d."

About one mile west of Eston, in the edge of a picturesque woodland is a little-plot of ground that is of more than ordinary interest. One has but to stand upon it, roll back the scroll of history, connecting, as it were, the dim misty past with the present and feel that he is upon sacred ground. It is the resting place of six Kentucky militiamen, who were killed in the battle of Fort St. Clair, November 6, 1792, in a combat with some 250 Mingo and Wyandot Indians, led by the celebrated Chief. Little Turtle,

The graves are on the south side of where the stockade stood. T hey are just beneath the long, projecting branches of a giant oak-monarch of the forest-so grand old nature stands there are hearts that will beat in uniand holds her outstretched hands as son with a responsive chord to all if in silent benediction and like a lone who would hon it their enerished dead. sentinel guards the graves of the falien heroes.

with the blood of fts best sons; old ocrat. glory has unfurled its folds to heaven's gentle breeze in the far-away land of the setting sun, but through CALEB POWERS MAY it all shines brighter and brighter with each successive generation, the valor and sacrifices of the heroes of pioneer

mittee-is sent to the lonely graves in the woodland and a tiny flag floats from the six mounds, their colors seeming to blend with the foliage of the forest and the blue sky overhead.

On a recent afternoon, the writer in company with Thomas Goode, Wm. Icenour, Hawkins Clear and Ed Needfort for the purpose of erecting a pole and raising a flag. Upon our arrival we found that old nature had aided in the effort to commemorate the place: A few feet from the graves was found a tree some fifty feet in height; the limbs were cut and at its top was placed the colors of our country. The undergrowth was cut, the leaves raked and the little graveyard put on a different appearance.

The soldiers sleep where they fell and neat headstones mark their graves. The stones were placed there by Mr. Glem Gilmore, the owner of the land surrounding the site of the old fort. The names on the markers read as follows: Liutenant Job Hale, Matthew English, Robert Bowling, Joseph Clonton, Isaac Jett and John Williams, A few yards south of the soldiers' graves are buried two Indians. About 100 Kentuckians were engaged in this battle. The maunted riflemen were commanded by Captain John Adair, of Kentucky, and all were said to be splendid specimen of physicial manhood. The Indians made their attack a short time before day-light, keeping behind trees, With the first streaks of dawn, when the sons of the "Dark and Bloody Grounds" could distinguish a white man from an Indian they charged them, using their guns for clubs. The Indians retreated, taking with them all but six head of horses belonging to the troops. The shoeing and all kinds of repair Work. Indians were pursued to where Eaton I solicit your patronage. All work now stands, when the soldiers return- guaranteed. ed to the fort to look after the wound-

ed and bury the dead. In this age of our country's history, with its advanced civilization and living as we are, in a land of plenty, a land upon which the smiles of heaven beam with uncommon refulgencewould it not be the proper thing to have this small piece of ground inclosed and converted into a little park? In doing this the place would be more inviting to all who appreciate their country and would know its aistory. Over in old Kentucky, with its generous people, whether amid its undulating land of blue grass or on its" rugged mountains whose tops seem to pierce the clouds and kiss the sky.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root. Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy conditing the whole system. Of course, it must not be expected to work miracles. It will not cure yonsumption except in its earlier stages. It will cure very severe, obsti-

throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most

marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of gly-

cerine:

"In dyspepsia it serves an excellent purpose, Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

acidity."
"Golden Medical Discovery" enriches and purifies the blood curing bletches, pimples, eruptions, scrotulous swellings and old sores, or please. Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There's no alcohol in it.
